TETTER ON NECK ITCHED AND BURNED

Red and Inflamed. Suffered Untold Misery. Scratched Until They Bled. Used Cuticura Soap and Ointment. In Three Weeks Healed.

R. F. D. No. 1, Box 87, Wagener, S. C.— "About a year ago my neck broke out in little red pimples. At first the doctor wouldn't bother but finally the pimples became red and inflamed. They began itching and burning and I suffered untold misery. I scratched them until they bled and I suffered with the burning pain."

"I tried remedies without result until I used Cuticura Soap and Ointment. I applied them night and morning and in three weeks I was healed. It has been ten months since then and no sign has showed since." (Signed) Miss Bertie Poole, October 10, 1914.

For pimples and blackheads: Gently smear the affected parts with Cuticura Ointment, but do not rub. Wash off the Ointment with Cuticura Soap and hot water and continue bathing for some minutes. This is best on rising and retiring.

Diamonds win out over the roads you know

It is a perpetual battle between tires and roads—and victory is hard-earned.

The strength and toughness of the rubber in Diamond Squegee Tread Tires resists the roughest road wear—yawning ruts do not take toll from Diamond Squegees.

Tried for years—on every road that leads in or out of this city—on all makes of cars—Diamond Squegees have proven their unflinching superiority, and more than satisfy car owners.

We have almost discontinued making smooth treads, because the small (less than 10%) increase we ask for

Squegee treads has made Diamond Squegees so popular that 90% of the Diamond Tires sold to consumers are Squegee Treads.

Squegees were put on the market because they proved to be the most satisfactory non-skid tire—tests prove that in addition to this the Squegee construction (more rubber where the wear is heaviest) makes Squegees the best Long Distance tire at the price.
